

Maths

In maths we will be looking at subertising, looking at an amount and knowing how many without counting. We will also lbe counting forwards and backwards, recognising numbers and focusing on having a deep understanding of number. Along with shape and measure.

English

We will be learning how to tune in to sounds and how they are used. orally pushing sounds together to hear words. We will start to learn phase 2 phonics sounds and blending these to read new words.

We will practise writing our name.

Marvellous Me

Autumn 1st Half Term

Understanding of the world

This half term we will be supporting the children to settle into our new classroom. We will be talking about ourselves and our families. We will also explore and talk about our senses and emotions. We will look at the season Autumn too.

Show and Tell

We will start show and tell once the children are fully settled. Look out for the timetable and further information in book bags.

To remember

Please help your child to practise saying their letter sounds. Each child will have a booklet to practise writing each letter as they learn it.

Please regularly practice reading the High Frequency Words (HFW) in their word packets. (This should only take a few minutes).

Please hear your read at least four times a week and be certain to make a brief note and/or sign in the Reading Diary.

Any questions please email or come and see me at the gate at pick up.
Thank you Miss Glen and Ash Team
